NO CHOICE FOR PRESIDENT.

Election of Daughters of American Revolution Fail to Name Officer.

Washington, April 21.—No definite result was reached by the Daughters of the American Revolution by the ballot taken yesterday for the election of a president general to succeed Mrs. Charles Warren Fairbanks.

Mrs. George W. Sternberg, district of Columbia; Mrs. Donald McLean, New York, and Mrs. Charles Warren Lippitt, Rhode Island, were the candidates. No one of them received a majority of the votes cast and another ballot will be taken today.

The thirty tellers appointed to canvass the vote worked nearly all night. They declined, except in a general way, to make public the result of the vote until they should have opportunity to report to the congress, but it is understood that Mrs. Lippitt, received the lowest number of votes.

The result of the first ballot for president general was announced as follows:

Mrs. McLean, 342; Mrs. Sternberg, 201; Mrs. Lippitt, 154. Necessary to a choice 354.

NOT GUILTY OF MURDER.

Chicago Man Who Killed Destroyer of His Home Is Released.

Chicago, April 21.—Convinced that George Gould acted in self defense when he shot and killed Alonzo R. Hamond, a jury in Judge Tuthill court, has returned a verdict of not guilty and Gould was given his freedom. Gould shot and killed Hammond whom he accused of having alienated the affections of Mrs. Gould. He pleaded self-defense, however, and said that Hammond had attempted to draw a revolver.

The defense showed that Hamond, who was a conductor on the Metropolitan Elevated railroad, had made the threat that he would kill Gould on sight. Gould boarded the elevated train, he said, to seek information from Hammond as to the whereabouts of Mrs. Gould, and the shooting which followed was in the presence of several passengers.

San Francisco, April 21.—An important order has just been issued by Collector of the Port of Stratton, which may for some time interfere in the shipments of goods to Mexico and Central America and in some cases may delay the sailing of steamers from ports in these countries.

The orders are that hereafter no clearance shall be granted to a vessel until the individual consignors manifests are on file in the custom house. This order is the result of protests filed in the state and treasury departments by the Guatemalan consul at this port, who asserts that arms and ammunition are being constantly shipped on steamers leaving this port for Central American consigned to and for the use of the insurgents now fighting against his government.

MR. HYDE WILL NOT TENDER RESIGNATION

Affairs of Equitable Assurance Society Reach a Crisis.

DEMANS MADE FOR A RECEIVE

The State of Louisiana Institutes Proceedings for Receivership Under Laws of that State—Mr. Hyde Denounces Attitude of General Agents.

New York, April 21.—Developments in the Equitable Life controversy, including the engagement of Joseph H. Choate, as counsel for the general agents, the demand of the organization, for Mr. Hyde's resignation, and the institution of proceedings in Louisiana asking for a receivership for the society under that Louisiana law, engaged the attention today almost to the exclusion of all other topics. Mr. Hyde made an appointment to meet today the committee of general agents appointed to demand his resignation. This committee was made up of Joseph Bowes, of Baltimore; W. J. Roddy, of South Carolina; Frank C. Levy, of New Orleans; Charles Jerome Edwards, of Brooklyn, and Charles Wake, of New York.

While Mr. Hyde agred to receive this committee, he declared that he had no intention whatever of resigning, and that he regarded the action of the general agents in making such a request as impertinent, extraordinary, insulting and most preposterous.

The demand by the agents for an investigation and the action inaugurated in Louisiana were regarded as making critical a condition which already was extremely serious.

When the committee called at Mr. Hyde's home at No. 9 East Fortieth street, there were met by Mr. Hdye and W. H. McIntyre, Charles B. Alexander, W. C. Gulliver and Alvin Kreich, his advisors. The committee remained in the house 12 minutes and returned to the Hotel Savoy without giving any intimation of what occurred. A representative of Mr. Hyde announced, however, that a stenographic report of everything said at the meeting had been made, and that an official statement would be issued by Mr. Hyde later in the day.

The official statement given out by Mr. Hyde, of his meeting with the committee, follows:

"Mr. Rowes, as chairman of the committee, said:

"I am charged, sir, with a somewhat disagreeable task, the bearing to you of a request from a convention of managers and agents now assembled in the Hotel Savoy, that you voluntarily resign your position as vice president of the Equitable society. The following is the request of the convention:

"'James H. Hyde, vice president of the Equitable Life Assurance Society of America:

"'We, the general agents and managers of the Equitable assembled in convention in all parts of the United States and Canada, are personally and through your agents, in close touch with the people, and knowing the deep-seated convictions of the policy holders and deeply deploring the necessity for our action, therfore, sincerely and earnestly appeal to you on behalf of the Equitable, to the creation and upbuilding of which your father devoted his life, and for the sake of its policy-holders and its agents, to set aside all personal interests and now voluntarily retire from the vice presidency.

"'Henry J. Powell, Chm.

"'F. A. McNamee, Frank L. Levy, W K. Estes, Secretaries.'"

Mr. Hyde's reply to the committee was as follows:

"In the first place, I have no intention of resigning the office of the vice presidency of the Equitable. Such a course I would consider cowardly and disgraceful to the memory of my father.

"Second, it is evident from you extraordinary request and the report of the proceedings at your meetings that you have not the remotest conception of this unfortunate controversy or the motives behind the selfish struggle for the control of the society. I think, however, that you are entitled to know something of the real facts on which my attitude is based, and I will, therefore, write you tomorrow in reply to the request made in this remarkable communication. I think, however, that your request might have been far more justified had it been made to those having no interest in the society who precipitated this unfortunate controversy and are keeping the agitation alive to serve their own selfish purposes. You will hear further from me tomorrow.

"Of course, you gentlemen must know that the questions at issue are now in the hands of the department of insurance and Mr. Frick's committee, who, I think, you will agree with me, are the ones to judge. It is but fair to them to say nothing further here.

"I appreciate, how greatly you have been afflicted through the misfortune, but I tell you again that the best way to bring about a satisfactory conclusion for your men is to remain loyal to the Equitable and not to do anything before the report of the investigating committee. On reflection, I think that you will be able to see impartially, and to judge these matters which now are the subject of controversy in our society."

JURY HAS BEEN SELECTED.

Nan Patterson Says She Is Confident of a Verdict for Acquittal.

New York, April 21.—The three lawyers who are acting as counsel for Nan Patterson in her trial for the murder of Caesar Young, had a conference with her in the Tombs prison today at which the plans of the defense and of the personnel of the jury were discussed. Lawyers Abraham Levy, Henry W. Younger and Daniel O'Reilly were present. Miss Patterson expressed her pleasure at the composition of the jury which was completed yesterday and disappointment at the daily postponing of the taking of testimony until Monday.

"I am sure of an acquittal this time," she told Lawyer Levy, "and every day only adds to my misery in the Tombs. Ten months and three weeks is a long time to be shut up in prison."

Lawyer Levy said today:

"We have new witnesses who will establish Nan Patterson's innocence beyond a doubt.

"We go into this trial 100 per cent stronger in joint of evidence than we did the last trial. We are not going to rely on the failure of the prosecution to prove its case for an acquittal. We are going to prove the innocence of Nan Patterson."

FINANCIAL AGENT ARRESTED.

Actress Accuses Her Manager of Misappropriating Her Funds.

San Francisco, April 21.—Madame Teetrazini, the grand opera singer of Milan, Italy, who recently finished an engagement here has caused the arrest of Signor Uriburu, her financial secretary.

Madame Teetrazini declares that she gave her agent various sums of money aggregating 27,000 francs, with instructions to forward the same to Paris. She says that recently she became suspicious that Uriburu had not forwarded the money and alleges that investigations proved her suspicions were well founded. Uriburu when arrested at a cafe had $450 in his possession. He declared he had not misappropriated the money but had disposed of it for Madame Teetrazini's benefit. Madame Teetrazini recently came here from Mexico City.

Savannah, Ga., April 21.—Suits for $50,000 each against the government are entered in the court of claims and the first testimony was taken here. The claims are those of W. G. BIG CONFLAGRATION OCCURS AT NASHLILLE

Main Building at Vanderbilt University Destroyed.

NO FATALITIES ARE REPORTED.

High Wind Was Blowing and Firemen Experienced Much Difficulty Fighting the Flames—Building Will Be Rebuilt at Once.

Nashville, April 21—The main building, a magnificent structure of Vanderbilt university, was entirely gutted by fire just before noon today.

The fire originated in the second story of the building from a defective flue. A high wind was blowing and in a few minutes the entire structure was a mass of flames.

A general fire alarm was turned in and every engine in the city responded. On acount of inadequate water supply the firemen experienced much difficulty in fighting the fire.

The loss will be almost total, only a few fixtures being saved.

The other buildings were not damaged.

The building destroyed this morning was a three-story structure, and was built in 1874 at a cost of $125,000, the architect being Colonel William C. Smith, of Nashville, who met his death in the Philippines while leading the First Tennessee regiment in battle.

There was $75,000 insurance on the building, and $10,000 on the furnishings. It was the first building erected on the grounds.

So far as known, no one was injured in the fire.

It is understood that the burned structure will be rebuilt as soon as plans can be arranged.

MENINGITIS STILL RAGING.

New York Still In the Throes of that Terrible Disease.

New York, April 21.—Numerous deaths from cerebro-spinal meningitis continue to be reported. There were ten deaths in Manhattan alone on Wednesday, and the health department officials do not expect to stamp out the disease until warm weather comes they say.

Orders have been issued that every place in which there has been a case shall be fumigated as thoroughly as after a case of scarlet fever, thus placing meningitis officially in the category of contagious diseases.

For the present, however, there is to be no quarantine nor are children of families in which a case exists to be debarred from school atendance.

This matter will be considered shortly, however, by the authorities.

A tenement house in Little West Twelfth street where five children died within a few days, and three others have been stricken, all in two families, is to be vacated. The tenants, eight families, have been notified to leave within 48 hours their rent being refunded to them. The house will then be disinfected thoroughly by a new and powerful germicide to be used for the purpose.

Snow Levels Telegraph Poles.

Cheyenne, Wyo., April 21.—The trains arriving in the city report that every telegraph pole for 30 miles east of Cheyenne and 20 miles south has been leveled by the snow. The Union Pacific has sent out emergency squads of linemen to restore connections so that the dispatching of trains may be carried on. The snow is the heaviest ever known here, and at several places in the city electric light and telephone poles have been broken off by the tons of snow which is obstructing the various streets.

THE LEGISLATURE DOWN TO BUSINESS

The Key West Railway Being Thoroughly Discussed.

NO CRIPPLING AMENDMENTS

Friends of the Measure Oppose Them.

The Forest Conditions to be Studied.

Bill for Per Diem of Sheriffs and Mileage.

Tallahassee, April 21.—In the Senate yesterday the following new bills were introduced and referred:

By Senator Stockton—To provide for the study of forest conditions in connection with the United States Department of Agriculture.

By Senator Canova—Making it unlawful to place lime or any poisonous matter in the fresh waters of the State; also, a bill to require telegraph companies in towns of 500 population or more, to deliver messages to persons addressed.

By Senator Crews—To amend the law regulating the carrying of firearms.

By Senator Alford (by request)—For the relief of John G. Ruge as fish commissioner.

By Senator Zim—To amend the law disallowing fees before committing magistrates under certain conditions.

By Senator McCreary—To prescribe a per diem of sheriffs in attendance upon courts.

By Senator Stockton—To provide for payment of mileage of sheriffs going outside the State.

By Senator Trammell—Providing that corporations doing an express business shall pay loss claims within a certain time after filing such claims.

The greater portion of the day was taken up in consideration of the Key West Railway bill, which is reported in full under separate head.

Key West Railway.

Senator Crill's bill to encourage and secure the construction of a line of railway from the mainland of Florida to Key West came up for consideration on its second reading as a special order.

Senator Crill secured the adoption of several amendments to perfect his bill.

Senator Hudson offered an amendment to strike out all of section 5, which provides that the present rates of freight and passenger tariffs shall obtain until such time as the corporation shall be earning a profit exceeding 5 per cent on its bonded indebtedness and a sinking fund not exceeding 3 per cent per annum on the actual cost of construction, betterments and equipment.

Dr. Crill spoke against the adoption of the amendment. He said the bill would place on the tax books millions of dollars' worth of taxable property. He said that Florida had been liberal in fostering the construction of railroads in the State, donating to railroads from $5,000 to $20,000 per mile. This bill asks no land grant, but simply the privilege of constructing a railroad over land and water of the State, thereby establishing a national highway, and that present rates become fixed until such time as the corporation can earn a reasonable percentage on the investment. In conclusion, Dr. Crill read the section referred to as amended, and concluded by saying that if the section was stricken out "our grandchildren might see a road to Key West, but we will never see it."

Senator Brown made a strong argument in favor of the bill, and against the amendment to strike out section 5.

General Bailey favored granting the corporations the concessions asked.

Senator Hudson said he favored the bill but wanted to make it a reasonable one. He said that if section 5 was cut out the bill would meet his views.

Senator Harris favored the bill in a forceful speech.

The bill was taken up in the afternoon and Senators Harris, Hudson and Stockton were among those who engaged in the debate.

Senator Adams believed from his heart that the passage of the bill was for the good of the whole State of Florida; that following its construction would be a rapid and permanent development. He said that he knew none of the parties interested, but was strongly in favor of it, for he believed it good.

Senator Humphries favored the construction of the road, and was sorry to learn that the bill would be withdrawn if the amendment was adopted, for he intended to vote for the amendment. The vote on Senator Stockton's amendment was:

Yeas — Messrs. Alvord, Canova, Crane, Crews, Davis, Faulkner, Hudson, Humphries, Jackson, Massey, Stockton, Scott, Wadsworth, West, Zim—15.

Nays—The President, Messrs. Adams, Bailey, Brown, Carter, Clark, Crill, Gilien, Harris, Lee, McCreary, Neel, Newlan, Raney, Sams and Wilson—16.

The amendment was lost.

Senator Massey offered an amendment to provide for a reasonable interest on the bonded indebtedness and sinking fund instead of 5 and 3 per cent, which was lost by a vote of 15 to 16.

Senator Crane offered an amendment favoring the limit of time that certain rates should prevail for a period of ten years, which was lost by the usual vote of 15 to 16.

The fight was over and the bill was ordered engrossed for its third reading. The Senate then adjourned.

The House.

Tallahassee, April 21.—In the House yesterday morning Mr. Stephens of Jackson introduced a memorial to Congress asking an appropriation of $35,000 for the improvement of the Chipola river as far up as Marianna. Under waiver of the rules the memorial was read three times and passed.

An invitation was received from Anna Jackson Chapter, Daughters of the Confederacy, of Tallahassee, asking the members of the House to attend the memorial exercises at the Tallahassee cemetery on the afternoon of April 26. Upon motion of Mr. Watson of Osceola the invitation was unanimously accepted with a rising vote of thanks.

Mr. Wilson of Lee introduced a memorial to Congress asking an appropriation for the improvement of the Caloosahatchee river. Under waiver of the rules the memorial was read three times and passed.

A petition from Dade county was read, asking that generous provision be made by the Legislature for the enlargement and improvement of the Florida School for the Blind, Deaf and Dumb at St. Augustine. This was referred to the select committee on State institutions.

A petition from the board of trade of West Palm Beach protesting against some features of Senator Crill's bill for the building of a railroad from the mainland to Key West, as tending to curtail the powers of the railroad commission, was read and ordered spread upon the journal.

Bills Introduced.

After the adoption of several resolutions the following bills were introduced:

By Mr. Olmstead of Brevard—To repeal act relating to catching fish in St. Lucie river.

By Mr. Taylor of Hillsboro—To punish keeping and maintaining of gaming devices, and parties keeping such devices.

By Mr. Stephens of Jackson—To provide for payment of mileage of sheriffs when required to go beyond the limits of the State.

By Capt. Johnston of Pasco—To amend law disallowing fees in cases before committing magistrates when no informations are filed or indictments found.

By Mr. Wall of Putnam (by request)—To prescribe per diem of sheriffs while attending court. Also, a bill to amend law relative to use of bicycles on side paths.

By Mr. Hall of Suwannee—To control attendance of children at public schools under certain conditions.

By Mr. Smith of Volusia—To regulate telegraph and telephone charges in the State, and place telegraph and telephone companies under the jurisdiction of the railroad commission.

The bill to reimburse Marion county $3,360 spent for rent of armory for use of State troops from 1890 to 1904, was passed, 44 to 23.

The bill to compensate clerks of circuit courts as clerk and recorder, was defeated, 27 to 7.

Senate concurrent resolution to accept invitation to visit Pensacola was adopted and the House adjourned.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

Money for Southern Colleges.

Chicago, April 21.—Gifts amounting to all to $250,000 will be made this year to small colleges in the rural districts of Tennessee, Kentucky, North Carolina and West Virginia. This announcement was made today by Dr. D. K. Pearsons, retired capitalist and benefactor of many small colleges in the United States. "I am not going to give to any rich college," said Dr. Pearsons. "I have a lot of colleges to choose from in distributing the $250,000 that I have decided to send down south. I am going to pick out the very poorest and most worthy and have the money ready by May 1."

YOU MAY BE CURED

544 Garfield Avenue,
CHICAGO, ILL., October 9, 1902.

After doctoring for eleven months and taking forty-three bottles of medicine and finding no relief for leucorrhoea, resulting from irritation of a fallen womb I took Wine of Cardui and fourteen bottles cured me. This seems strange but it is the simple truth. Wine of Cardui helped me from the time I began taking it and having heard it praised so highly by friends who had tried it I felt satisfied that it would help me, and it did. It cured me. Took every bit of ache, pain and headache, cramps and dragging down sensations away till I felt young, strong and happy once more. It is a wonderful medicine and a true friend to women. When I look back on the months of torture I had it seems like a hideous nightmare. Wine of Cardui will cure any woman I believe. I have more faith in it than all other medicines combined.

Frances Kingsley

Vice-Pres., Chicago Historical Club.

How can you refuse relief when you know you are growing worse day after day? Shooting pains, irregularity, inflammation and bearing down pains make thousands of women miserable. Why drag through life never enjoying anything? Wine of Cardui has made over 1,500,000 weak and suffering women well and strong. We ask you to go to your druggist today and secure a $1.00 bottle of Wine of Cardui and begin to take it at once. Do that and the health Mrs. Kingsley writes about will soon be yours. The Standard Naval Stores Company Jacksonville has an advertisement this issue which will prove of inter-t, and perhaps profit, to the naval ores producers of the State. The ad-rtisement, which will be found else-here, explains itself.

Sheriff Fennell has gone to Pensa-ola, where he will take into custody om Johnson, wanted in this county pon a charge with intent to murder. hnson was arrested by the sheriff of scambia county upon instructions om the authorities here.

Arthur S. Harris, formerly of this y, where he held a lucrative posi-on with S. J. Thomas, but now mak-g Valdosta his home, was at the rown House yesterday. Mr. Harr s is now traveling for the Georgia Sup-ply Company, dealers in mill supplies, and states that he is enjoying a suc-cessful trade. His friends here were glad to see him.

N. A Callison, the clever manager of the Spring Park stock farm, was in the city yesterd . Mr. Callison probably entertains more company than any half-dozen people in the county com-bined. There were only thirty-five visitors to his home during Sunday.

Among the prominent visitors to this city yesterday was D. E. Horn of Live Oak, cashier of the First Na-tional Bank of that city. He was en route home from McIntosh, where he attended the session of the Presbytery of the Suwannee, of which he is a member.

Wanted—Bids to construct cess-pools at county jail. Any persons de-siring to bid may secure plans, speci-fications, etc., of the undersigned, Gainesville, Fla. Bids will be opened at the regular meeting in May, which will be May 2. The Board of County Commissioners reserves the right to reject any or all bids. C. C. PEDRICK, County Commissioner. d2w-w2t

W. W. Ashley and sister, Mrs. Elizabeth Smith, have returned from Miami, Palm Beach and other points on the East Coast, where they have been sojourning for the past week. They were delighted with that section, which they enthusiastically declare to be "the garden spot" of the earth. They will be content to remain in Gainesville, however.

Mr. and Mrs. Joseph Patton and two children of Tarpon Springs returned to their home yesterday, after several days spent in this city. Mr. Patton is a dispatcher in the employ of the At-lantic Coast Line, and has been acting relief here, Dispatcher Chas. W. Par-ham having been confined to his bed with lagrippe. Mr. Parham, however, resumed his duties last night, and his friends will be glad to see him out again.

Rev. L. R. Lynn, formerly of High Springs, but now pastor of the First Presbyterian Church at Palatka, was in the city yesterday. He was in at-tendance at the meeting of the Pres-bytery of the Suwannee, McIntosh, and joined his wife and baby, who have been on a visit to the former's brother, Mr. Lynn, here. They returned in the afternoon for their home. Mr. Lynn's numerous Gainesville friends were pleased to meet him again.

One of the handsomest and most ap-propriate Easter window displays ever seen in this city is the north window of the store of L. J. Burkhim. The bot-tom of the case is covered with earth and beautiful green grass, with a back-ground of pine and palmetto. There are two dummies appropriately at-tired, with a "sprinkling" of gentle-men's furnishings here and there about the window. There are "biddies" and "bunnies," but one of the most attrac-tive features of the display is a live hen with nine little chicks. The effect is the idea of Messrs. Burkim and J. F. Burnett, and the result of Mr. Bur-nett's work which displays great taste. The sight is worth a trip to the store.

Heart Weakness.

Dr. Miles' Heart Cure has made many hearts well after they have been pronounced hopeless. It has completely cured thousands, and will al-most invariably cure or benefit every case of heart disease.

Short breath, pain around heart, palpitation, fluttering, dizzy, fainting and smothering spells should not be neglected. Take Dr. Miles' Heart Cure and see how quick you will be relieved.

It cannot make a new heart, but will restore a sick one by strengthening the heart nerves and muscles, relieving the unnatural strain, and restoring its vitality.

"I had a very bad case of heart trouble. For six months I could not work. Last July I was plowing corn and feeling bad all day; in the after-noon in plowing one row I had to lay down, or fall down, three times. My heart throbbed as though it would burst through, and I had difficulty in getting my breath. I purchased a bottle of Dr. Miles' Heart Cure, and before I had used half of it I could lay down and sleep all night. Previ-ously I had to get up from five to ten times a night. I have taken several bottles, and my heart is as regular as clock work. I feel like a new man, and can work considerable for an old man, 84½ years old."

H. D. McGILL, Frost, Ohio.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlarge-ment of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects ir-regularities and has cured many old men of this disease. Mr. Rodney Bur-nett, Rock Port, Mo., writes: "I suf-fered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Sold by J. W. McCollum & Co.

Picnic at Micanopy.

The Ladies' Cemetery Association of Micanopy have decided to hold a bas-ket picnic on the beautiful and roman-tic banks of Tuscawilla lake May 3. The public is cordially invited to at-tend. The ladies will sell refresh-ments, and the proceeds will be used for the benefit of the cemetery. The affair will no doubt prove a big success.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I be-gan taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like sub-stance and now I have no pain across my kidneys and I feel like a new man. It has done me $100 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by J. W. McCollum & Co.

We do not think that the average farmer needs to know how to make more money so much as he does to know how to make it easier and in a more profitable way—make fewer acres do the work of the many now run over.

Mrs. Theodore Beacham of Kalamazoo is one of the most successful railroad contractors in the country. WANTED SENTIMENT.

There have been many literary tears shed over the passing of that "noble red man of the forest," the American Indian, says The Savannah News. A Canadian anthropologist, Prof. Wilson, says all such sentiment is wasted; that while the Indian as a race may be doomed to extinction in the long run, the passing will be by assimilation, with the Indian's full and free consent, and not because of any hardship or cruelty imposed on him by the white man. And the outcome will be better for the Indian. Meanwhile Prof. Wilson says that, counting all of those who have Indian blood in their veins as Indians, there are a great many more of them on the American continent today than ever before in their history. Their proportion in the population has increased considerably in the past twenty years.

That the Indian is being "bleached out" in certain sections cannot be denied. It is a rare thing for a white woman to marry an Indian, but marriages between white men and Indian women are common, both in this country and Canada. Prof. Wilson says that "not a single pure-blooded Indian remains in several of the Canadian bands." And so it is in this country, particularly on the reservations of the West, where white men have sought Indian wives in order to secure their apportionments of the tribal lands or their share of moneys due from the sale of lands. Some of the Indian tribes are rich, and the "squaw men" have profited largely by pocketing their racial prejudices and marrying red-skinned women. Probably the tribes in which there is least admixture of blood are the Seminoles of Florida and the Cherokees of Western North Carolina.

Some months ago the authorities in Washington issued an order, through the Indian agents, to the effect among the red people there must be less painting of faces and a closer adherence to the white man's idea of what is correct in wearing apparel. At the same time it was ordered that the braves should cut their hair. This, it is believed, will have the effect of reducing the number of marriages between white men and Indian women. An Indian girl with her blankets and with painted face and braided hair may look romantic and quite fetching, but put her in the frock of civilization she looks dumpy, pudgy and unattractive.

It is marvelous what people in general expect of a school teacher. And yet, as a rule, it can be said that there is not a single parent in a district who governs her own children so well as does the teacher of all these children of the district. Think of it! The parent who thinks nothing of losing her patience from once to forty times a day with her own children, expects the teacher to control her temper and manage forty children who come from all kinds of homes. The average school teacher is a model of par excellence in government, temper and judgment when compared to the average parents, and in saying this we are not speaking lightly of the right kind of motherhood.

TWO BEAUTIFUL WOMEN WHO ESCAPED SPRING CATARRH BY TAKING PE-RU-NA.

Spring Fever is Spring Catarrh—Nothing Robs One of Strength Like Spring Catarrh.

MISS ESTELLE CAMPBELL.

Miss Estelle Campbell, 140 N. High street, Nashville, Tenn., writes:

"Peruna helped me when almost everything else failed. I was rundown from overwork, as I had not been able to take a vacation for three years and naturally my nerves were all unstrung and I was greatly in need of rest and a tonic.

"I went away for two months, but did not seem to get my strength back, although I was taking a prescription which the doctor gave me before I went away.

"At the request of my relatives, with whom I was visiting, I began to use Peruna, and you cannot realize how glad I was when within a week I found I was feeling so much better. Inside of a month I was feeling splendidly, ready and able to take up my work again."—Estelle Campbell.

A Spring Tonic.

Almost everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna will do this is beyond all question.

We have on file thousands of letters which testify to the curative and preventive value of Peruna in cases of nervous depression and run down conditions of the system. We quote a typical case:

Mr. Frank Williams, 3935 34th street, New York City, member First Presbyterian Church and Captain Capitol Golf Club, writes:

"Last spring I suffered with malaria and a run down condition which seemed very difficult to overcome.

"I tried several different tonics but did not seem to get much better until I began using Peruna. My recovery was slow, but I was improving and I was glad to continue using it.

"At the end of two months my health was restored and I looked and felt much better than I had for years. Your remedy is well worthy of a recommend and I am pleased to give it mine."—Frank Williams.

Peruna never fails to prevent spring catarrh or nervous prostration, if taken in time.

Pe-ru-na is the Finest Tonic For a Weary Woman.

Miss B. Inez Silvera, 189 W. 136th street, New York City, Grand Recorder Daughters of American Independence, writes:

"Nine years of work, without a vacation, wore out my nervous system. I lost my appetite and felt weak and exhausted nearly all the time.

"Peruna restored me to perfect health in five weeks. It is the finest tonic for a weary woman that I know of. I gladly endorse it."—B. Inez Silvera.

Peruna is the most prompt and permanent cure for all cases of nervous prostration caused by systemic catarrh known to the medical profession.

MISS B. INEZ SILVERA.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature. All correspondence held strictly confidential.

GAINESVILLE FOR THE NEXT MEETING

This Was Voted by State Medical Association Thursday.

A VERY INTERESTING MEETING

Of the Medical Fraternity—Dr. McKinstry Elected First Vice-President, and Dr. Hodges Also Honored—Pill Rollers Have a Banquet.

Gainesville has no complaint to make of her share of the honors bestowed by the annual session of the State Medical Association, which adjourned after an interesting session of two days in Jacksonville Thursday evening.

Dr. J. F. McKinstry, Jr., had the honor of being elected first vice-president of the association; Dr. J. Harrison Hodges was elected counsellor for the Eighth District, and to dress the honors already conferred properly, Gainesville enjoyed the distinction of being selected as the place for holding the next annual meeting, which will convene in April, 1906. Jacksonville and Tallahassee were also applicants for the meeting.

Officers Elected.

The following officers of the association were elected for the ensuing year:

President, J. M. Jackson, Jr., Miami; first vice-president, J. F. McKinstry, Jr., Gainesville; second vice-president, J. H. Palmer, Tallahassee; third vice-president, J. H. Durkee, Jacksonville; librarian, J. D. Love, Jacksonville, re-elected.

During the session many papers were read, among which was one, "Eye Strain, a Frequent Cause of Headaches and Nervous Derangements," by Dr. Hodges.

A Dutch Lunch.

In the evening the physicians assembled at the Rathskeller, where the Duval Medical Association had prepared a bountiful repast in the nature of a Dutch lunch, in honor of the visitors. At this function Dr. J. F. McKinstry, Jr., was honored as toastmaster. Those present declare that the banquet was one of the most enjoyable affairs of the season.

Drs. McKinstry and Hodges returned to their homes Friday noon.

A PROMINENT VISITOR.

Rev. G. W. Painter, Missionary to China for Many Years, Was Here.

Among the prominent visitors to this city Friday was Rev. G. W. Painter of Virginia, for the past thirty-two years a missionary from the Presbyterian church to China. This distinguished religious worker dined with Rev. and Mrs. Thomas P. Hay.

Mr. Painter was commissioned as a missionary from the Presbytery of Abbington, Va., in 1873. On his first visit to the Far East he remained ten years. During his thirty-two years' service he has visited his native country four times. He is located in Hong Chow, Central China, and expects to return to that country the latter part of the summer.

Mr. Painter's mission in the United States is an effort to secure increased interest in the church in China, in view of the political conditions there. "I feel that China, Korea and Japan are likely to coalesce in an effort to secure Asia for the Asiatic, and put a stop to Western encroachment," he said.

This distinguished divine attended the session of the Presbytery of the Suwannee at McIntosh, and was greatly encouraged with the work as he observed it. He departed in the afternoon for Palatka and Jacksonville, and expects in a short time to take up the work in Georgia. He has been three months in Florida.

Last Hope Vanished.

When leading physicians said that W. M. Smithart of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventive of pneumonia. Guaranteed, 50c and $1.00 bottles at all drug stores. Trial bottle free.

TUESDAY'S ELECTION.

Alderman Will be Chosen to Fill Vacancy—Only Two Candidates.

There seems to be little interest manifested in the approaching special election, which has been called for Tuesday next for the purpose of selecting an alderman to fill the unexpired term caused by the resignation of Alderman C. C. Pedrick. Only two candidates are certified, Dr. J. H. Colson and E. A. O'Neill. Neither gentleman appears to be an "spirant," since, instead of laying his municipal political fences, Mr. O'Neill has been on a fishing frolic at Cedar Key since the first of the week, and his opponent lies dormant as far as his inclination for holding office is concerned. However, both are enterprising citizens, and either would fill the position with credit to themselves and the city.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

A North Gainesville Picnic.

A very successful picnic was given Thursday at the bridge. While the number was small they were very select. They were from homes "severed far." The wit was sparkling as champagne, of which there was an absence owing to Mrs. J. D. Turner's presence. Good spring water and ice tea made after the Dorman method took its place.

The hour of parting came, each feeling we had not been at the 'bridge of sighs," but the bridge of good cheer. Let this henceforth be its name, and that it spans pine brooks, not Hogtown Creek. We said good-bye, feeling we should not all meet again until the mysterious problem of our destiny was solved in eternity and we were permitted in some brighter clime to say good morning.

WOMEN NOT TRUTHFUL

This Statement Has Been Unjustly Made, Because Modest Women Evade Questions Asked By Male Physicians.

An eminent physician says that "Women are not truthful; they will lie to their physician." This statement should be qualified; women do tell the truth, but not the whole truth, to a male physician, but this is only in regard to those painful and troublesome disorders peculiar to their sex.

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions when those questions are asked, even by her family physician This is especially the case with unmarried women.

Is it any wonder, then, that women continue to suffer and that doctors fail to cure female diseases when they cannot get the proper information to work on?

This is the reason why thousands and thousands of women are now corresponding with Mrs. Pinkham. To her they can and do give every symptom, so that she really knows more about the true condition of her patients, through her correspondence with them than the physician who personally questions them.

If you suffer from any form of trouble peculiar to women, write at once to Mrs. Pinkham, Lynn, Mass., and she will advise you free of charge.

The fact that this great boon, which is extended freely to women by Mrs. Pinkham, is appreciated, the thousands of letters received by her prove. Many such grateful letters as the following are constantly pouring in.

Mrs. Ella Lee, Frankford, Ind., writes: Dear Mrs. Pinkham:—

"I want to thank you for what your medicine has done for me.

"Three years ago I had inflammation of the ovaries and ulcers on my womb. I was under the doctor's care for about three months, and the only time I was not in pain was when under the influence of morphine. The doctor finally said I never would be better, and would be an invalid the rest of my life. I had given up in despair, but one evening I came across one of your advertisements and decided to write you for advice. I did so and commenced to take Lydia E. Pinkham's Vegetable Compound. I began to improve at once, and to-day I am a well woman, and I know it is all due to your advice and medicine.

Mrs. J. H. Farmer of 2809 Elliott Avenue, St. Louis, Mo., writes: Dear Mrs. Pinkham:—

"I cannot thank you enough for what your advice and medicines have done for me. They have done me more good than all the doctors I ever had.

"For the last eight years I have suffered with female troubles; was very weak; had nervous prostration, and could not do my work; but I am happy to say Lydia E. Pinkham's Vegetable Compound has made a different woman of me. I am in perfect health and have gained in weight from 98 pounds to 129 pounds."

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record for actual cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Ask Mrs. Pinkham's Advice—A Woman Best Understands A Woman's Ills.

Truth Didn't Save Him.

Father—Did you break this vase? Johnny—Yes, father; I cannot lie. Father—No, and you won't be able to sit either when I've done with you. Go and fetch the strap.—New Yorker.

THE COUNTY PAVEMENT.

Material Has Been Delivered and Work is Progressing Nicely.

As has already been announced, the Board of County Commissioners at their last session passed a resolution to pave the sidewalk around the court house square with vitrified brick. The resolution was a unanimous one, and Commissioner C. C. Pedrick was appointed to superintend the work. With that energy for which this commissioner is noted, he began at once to make preparations for same. Substantial curbing and the sufficient number of vitrified brick were ordered. Work was begun as soon as the curbing was placed upon the ground, and during the week a force of workmen and teams have been busy excavating and removing the old pavement. The brick have been delivered, and it is expected that by the first of the week the work of laying will begin.

When completed this will be one of the best pavements in the State, and it is suggested that the city now construct crossings of the same material at intersecting corners.

It does all you claim for it. I highly recommend it." 50c a bottle. Sold by W. M. Johnson.

Very Enjoyable Session at McIntosh, Which Was Well Attended.

Rev. Thos. P. Hay of the First Presbyterian Church has returned to his home in this city, after attending the session of the Presbytery of the Suwannee at McIntosh, and a short trip to Eustis.

Mr. Hay states that the meeting was a most successful and enjoyable one, being well attended. Rev. C. M. Gordon of Micanopy was elected moderator for the ensuing term, and Rev. Mr. Hay and Elder J. O. Turnipseed of McIntosh were elected commissioners to represent this Presbytery in the General Assembly of the Presbyterian church, which will convene in Ft. Worth, Texas, May 18th.

Made in the Golden Sunlight

It is conceded by the highest authorities that the soda cracker contains the life-giving elements of wheat in the best proportions.

This being so, then **Uneeda Biscuit** must at once take first place as the food of the world—a soda cracker, but such a soda cracker! Made by exact science in sunny bakeries so light, bright and clean, that they are a revelation. The flour is tested; the purity of the water is absolutely assured; the very air is filtered,—why even the temperature and moisture of the atmosphere is accurately regulated. The sponge is kneaded by polished paddles, not by hand. Indeed, **Uneeda Biscuit** are only touched once, and then by a pretty girl, from the time the flour leaves the bag until the beautiful package is placed on your table.

You ask why all this work, all this care in the making of a soda cracker? Because the soda cracker is the best of all food and **Uneeda Biscuit** is the most wonderful of all soda crackers. And with all of it the price is only 5¢ a package.

BURNING TRESTLE CAUSE WRECK

Fast Train on Southern Meets Accident Near Rome, Ga.

Rome, Ga., April 21.—Section one of Train No. 13, of the Southern railway, Atlanta to Chattanooga, was wrecked in a burning trestle 6½ miles of Rome about 7:20 o'clock this morning.

The engine passed over the trestle but two of the cars went into the burning structure.

No one was killed, but several of the crew were injured. There were no passengers as this section carried only baggage, express and mail cars.

The damage to the train is reported very heavy after going into the trestle. The train caught fire, but the flames were extinguished before very much damage was done. Trains were made up in Rome and sent to the scene of the wreck, where transfers were made and only a few hours' delay was occasioned.

It will be several days before the track and trestle can be repaired.

Wild rumors to the effect that many of the crew were killed outright spread abroad but are false.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
W. C. DANIEL.
